SURVEY OF DONOR ADVISORS

Our goal is to help you achieve your charitable objectives. We are happy to provide you with information about local nonprofit organizations and community needs. Whether you want to learn about a specific agency or find organizations that are working in a particular area of interest, we can help. In addition, as part of our yearly discretionary grants program, we receive funding requests from local nonprofit organizations in the areas of human services, arts and culture, education, health, community development, and other civic endeavors. Many of these funding requests are approved; however, our limited discretionary resources do not allow for funding of all the requests we receive, even those identified as worthwhile for the communities we serve. This survey will help us assess your interest in receiving information about funding these and various other charitable projects.

Name of Fund/s _____

Name of Fund Advisor/s _____

- Periodically, please send a limited number of prescreened proposals that staff believe fall within my/our areas of interest (indicated below). I understand that this implies no commitment on my/our part to fund any proposed activity.
- Please keep me/us informed of charitable projects in my/our areas of interest (indicated below), although at the present time I/we prefer not to receive any proposals.
- At the present time, I/we prefer to determine which organizations/programs to support independently and request that no proposals/information be forwarded for consideration.
